SPRING GRADUATION CELEBRATION 2021

IOWA STATE UNIVERSITY

Debbie and Jerry Ivy College of Business
Congratulations, graduates of the Debbie and Jerry Ivy College of Business!

We are excited to celebrate you and your achievements at Iowa State University’s first in-person graduation ceremonies in over a year.

This spring marks our first graduates in actuarial science, the master of real estate development program, and the executive MBA. Whether you are graduating from one of these new programs or from a program with a long history at Iowa State, know that you are well prepared for a career of innovation, leadership, and service.

As you transition from student to alumni, please find ways to stay connected with the Ivy College of Business. Keep in touch with your professors and advisors, be a mentor for students, and come back and talk to classes about your career path, the business you started, or the non-profit you lead.

The entire Ivy community is very proud of you, and we look forward to seeing what you do with your Ivy education.

Congratulations, Ivy graduates!

David P. Spalding
Raisbeck Endowed Dean, Debbie and Jerry Ivy College of Business
Interim Vice President, Economic Development and Industry Relations
Camila Almeida is graduating from the Debbie and Jerry Ivy College of Business, summa cum laude, with a major in business analytics and a minor in business and technology consulting. Camila is also a graduate of the University Honors Program. She is the daughter of Henrique and Ferlineide Almeida of Fortaleza, Brazil.

During her time at Iowa State, Camila served as president of the Consulting Club and vice president of public relations for the Multicultural Business Network. She was also a member of Alpha Chi Omega. In 2019, she won the Global Impact challenge at the ISU Innovation Prize, an annual entrepreneurship competition.

As an Ivy student, Camila worked as a student consultant and team lead for the CyBIZ Lab, providing consulting services to start-ups, non-profit organizations, and Fortune 500 companies. She also worked as a business innovation intern at EMC Insurance in Des Moines. In 2020, the recruiting platform WayUp recognized Camila as one of the top 100 interns in the United States.

Camila has accepted a position with PwC as a tax innovation technology development associate in Dallas, Texas. She would like to thank her parents, siblings, boyfriend, host parents, and Professor Wei Zhang for their unwavering support.

### Special Recognition

- *Teaching Excellence*
Although business education has been taught at Iowa State University since the early 1920s, the College of Business was not established until 1984. The Gerdin Business Building opened in 2004 and serves as the home of business education at Iowa State. In 2017, alumnus Jerry Ivy and his wife, Debbie, announced a $50 million gift to the college. It was the largest gift in college history. At the time of the announcement, there were only 14 business schools in the country that had received a larger gift. The Ivy commitment is a powerful endorsement of the college, our programs, leadership, and vision for the future.

After several years of enrollment growth, we are meeting the needs of our students with a $28 million expansion to the Gerdin Business Building. The 45,000-square-foot addition is now open, and the first classes were held in the new space in January 2021. The addition was designed with students in mind, and includes 40 percent more space, seven dedicated team rooms, five classrooms, study areas, and a state-of-the-art sales suite. The expansion was made possible thanks to a $7 million commitment from the Gerdin Charitable Foundation as well as donations from alumni and friends of the college.

At the Ivy College of Business, we prepare students for a future of progress so they are equipped to go out and make a difference in the world. We combine a solid curriculum, internationally known faculty, and a welcoming atmosphere to deliver an unmatched business education, whether students are seeking degrees at the bachelor, master, or PhD level.

The college offers 11 undergraduate majors, one undergraduate certificate, 10 minors, eight masters programs, five graduate certificates, and one PhD program with five areas of specialization. We continuously add valuable programs that benefit students and their future employers. The Ivy MBA is ranked #50 in the nation, placing it among the top 10 percent of all full-time programs in the U.S.

The Ivy College of Business is accredited by the Association to Advance Collegiate Schools of Business (AACSB). Less than 5 percent of the world’s business programs have earned this credential.
