Accounting is the universal language of business, spoken around the world by business and government leaders, investors, analysts, and others seeking to measure, understand, and apply the dynamics of financial success. The accounting major prepares students to analyze, synthesize and report data so others can use it to make informed decisions. The degree helps students pursue diverse careers in business and accounting including auditing, consulting, public accounting, budgeting, and forecasting.

Required Courses (18 Credits)
- ACCT 383 Intermediate Managerial Accounting
- ACCT 384 Accounting Information Systems
- ACCT 386 Intermediate Accounting I
- ACCT 387 Intermediate Accounting II
- ACCT 485 Principles of Federal Income Tax

**CPA and MAcc information is available on the third page of this document.**

Other Graduation Requirements (for full degree requirements see your degree audit or the curriculum guide):

1. Minimum of 122 credits total;
2. 42 credits of 300-level or higher coursework from a four-year institution;
3. Grade of “C” or better in ENGL 250 required, and in two of the three required English courses;
4. Grade of “C” or better in at least 30 credits applied to the business core and major;
5. 50% of required business courses must be earned at Iowa State University;
6. The last 32 credits applied to a degree must be taken at ISU (exceptions for study abroad and internship may be requested);
7. All 300-level and higher business credits must be earned at a four-year college;
8. Cumulative ISU grade point average of at least 2.0 with no quality point deficiencies;
9. Multiple business majors must have at least 15 distinct credits in each of the major requirements; when applicable, one, one course can be shared between business majors; see your adviser regarding multiple business degree requirements.
ACCOUNTING MAJOR – addendum

CPA Note
The Accounting major requires 22 credits of accounting beyond principles (ACCT 284 and 285). To satisfy the State of Iowa CPA exam requirement of 24 credits of accounting beyond principles, students need one additional accounting elective. ACCT 316 Business Law is also highly recommended; however, please note that this class does not count toward the aforementioned 24 credits of accounting required to sit for the exam.

The CPA licensure designation is a symbol of competence in the accounting profession which employers value both immediately upon graduation and throughout career advancement. While students may sit for the CPA exam in Iowa after completing the required accounting course work and earning a bachelor’s degree, CPA candidates must complete a total of 150 credits in order to be certified or licensed to practice in Iowa. Qualified students should consider earning the Master of Accounting (MAcc) to satisfy the 150-credit requirement. Juniors and seniors in accounting who are interested in graduate study should contact the coordinator of the MAcc program as early as possible to complete their graduate degree in an efficient manner. Students planning certification outside Iowa must check local rules, as each state determines its own CPA exam qualification and licensing requirements.

Master of Accounting 4+1 Program Note
The Master of Accounting (MAcc) is a 30-credit hour, non-thesis graduate program. The degree requirements are typically completed in one year including optional CPA preparation. This program provides a solution to satisfying the 150-credit hour CPA requirement while earning a higher degree! In addition, you have the option to customize your curriculum to fit your interests and intended career path. Specializations are available in the following five areas: financial reporting and assurance, data analytics, managerial decision-making, global business, and tax. Study abroad options in London are available. Students considering the MAcc should meet with Kayla Sander, MAcc coordinator and adviser, during the first semester of their junior year. Student are required to apply for the program the semester before beginning graduate coursework. For more information: http://www.business.iastate.edu/masters/macc
